17:35 - 19:05

Stream 4: Video Invited, SST,
SSCViscérale & ARS

ARS

Séance principale

Oncology and metabolism

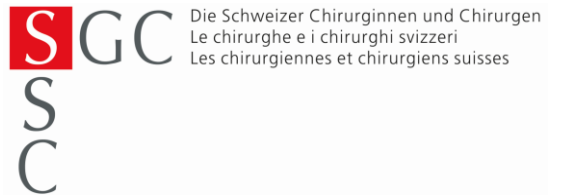

Présidence: Léo Bühler (Vésenaz), Carmen Gonelle-Gispert (Geneva 4)

-
- 1 Video: Sodium thiosulfate prevents intimal hyperplasia via inhibition of tubulin polymerization and smooth muscle cell proliferation
D. Macabrey, M. Lambelet, A. Longchamp, J.-M. Corpataux, F. Allagnat, S. Déglise, Presenter: D. Macabrey (Lausanne)
-
- 2 Maternal metabolic syndrome induces liver injury and promotes tumor growth in the offspring
B. Moeckli, V. Delaune, A. Peloso, L. Orci, F. Slits, Q. Gex, S. Lacotte, C. Toso, Presenter: B. Moeckli (Geneva)
-
- 3 Video: Sodium thiosulfate, a source of hydrogen sulfide, promotes angiogenesis via inhibition of endothelial cells respiration
D. Macabrey, J. Joniová, A. Longchamp, J.-M. Corpataux, G. Wagnieres, S. Deglise, F. Allagnat, Presenter: F. Allagnat (Lausanne)
-
- 4 Brief dietary protein dilution using carbohydrate rich drink protects from kidney ischemia and reperfusion injuries trough IGF-1
R. Emsley¹, T. Agius¹, D. Macabrey¹, A. Faivre², S. Deglise¹, S. De Seigneux², J.-M. Corpataux¹, F. Allagnat¹, A. Longchamp¹, Presenter: R. Emsley¹ (¹Lausanne, ²Geneva)
-
- 5 Modulating hepatocarcinogenesis by porto-systemic vein shunting in a high-fat diet mouse model
A. Peloso, Q. Gex, M. Tihy, B. Moeckli, F. Slits, L. Rubbia-Brandt, G. Oldani, S. Lacotte, C. Toso, Presenter: A. Peloso (Geneva)
-
- 6 Dynamic assessment of the impact of gut microbiota transfer in a mouse model of chronic intestinal dysbiosis.
L. Orci, S. Lacotte, Q. Gex, V. Lazarevic, J. Schrenzel, C. Toso, Presenter: L. Orci (Geneva)
-
- 7 Intrapleural hyperthermic chemotherapy induces pro-immunogenic e-selectin expression in the vasculature of malignant pleural mesothelioma.
Y. Hao, L.-E. Chriqui, C. Gattlen, M. Gonzalez, T. Krueger, T. Krueger, P. Dyson, S. Cavin, J. Perentes, Presenter: Y. Hao (Lausanne)
-
- 8 Low dose photodynamic therapy promotes endotheliale e-selectin expression in malignant pleural mesothelioma through NF-κB pathway activation
S. Cavin, L.-E. Chriqui, C. Gattlen, M. E. Ortolini, Y. Hao, M. Gonzalez, T. Krueger, E. Meylan, J. Y. Perentes, Presenter: L.-E. Chriqui (Lausanne)
-

2021

Virtueller Kongress
Congrès virtuel

1. – 3. Juni
1– 3 juin

Les paroles des communications libres sont de 8 minutes, suivi de 2 minutes de discussion.
